

# ABOUT US

Kumar Generator House, an authorized channel partner of Kirloskar Oil Engines Limited, is an ISO 9005:2015-certified company that has established itself as a leading provider of quality power solutions and has been dedicated to supplying a comprehensive range of Kirloskar products, including government-approved CPCB4+ gas and diesel generator sets, dual fuel kits, retrofit kits, transformers, servo stabilizers, pump sets, and electrical panels, to meet the varied needs of the customers

## AWARDS & ACHIEVEMENTS

# OUR PRODUCTS

## KIRLOSKAR CPCBIV+ GENERATORS

Discover power solutions that align with your needs and support a cleaner future, ensuring an uninterrupted power supply, boosting productivity, and reducing the carbon footprint.

# RANGE OF TRANSFORMERS

POWER TRANSFORMERS

DISTRIBUTION TRANSFORMERS

CAST RESIN TRANSFORMERS

# RANGE OF SERVO STABILIZERS

OIL-COOLED SERVO STABILIZER

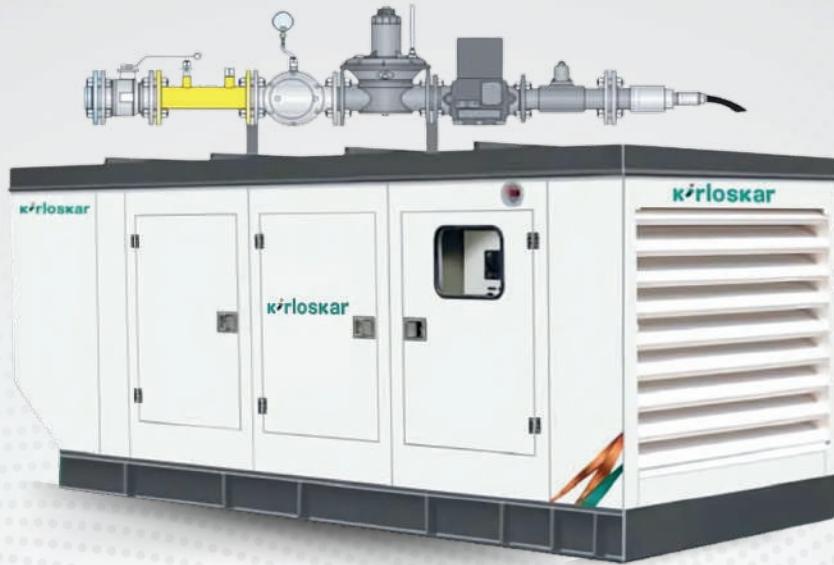

AIR-COOLED SERVO STABILIZER

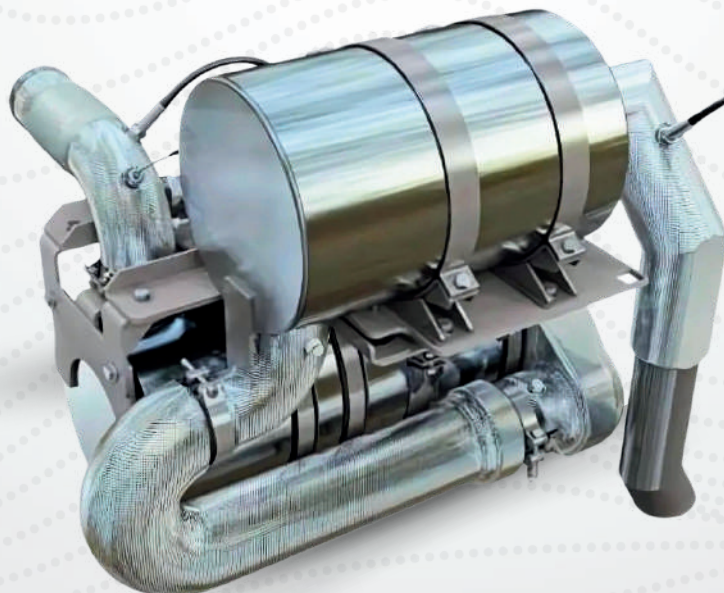

## DUAL FUEL KITS

Dual-fuel kits enable a diesel generator to run on a combination of diesel and Pipe Natural Gas (PNG).

## RETROFIT KITS

Retrofit kits are advanced emission control devices designed to reduce harmful pollutants from diesel generators. These kits include a robust Diesel Particulate Filter (DPF) and Selective Catalytic Reduction (SCR) system, ensuring compliance with government-mandated emission norms while maintaining generator efficiency.

# PUMPS

Essential for lifting and transporting water in residential, commercial, and industrial setups. They are also used for fertilizers or pesticide applications in liquid form also used to transfer of chemicals, oils, and other fluids in manufacturing processes.

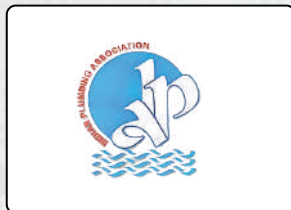

# ELECTRICAL PANELS

Distribute electricity from the main power source to various circuits and devices in a building or facility. It contains breakers, fuses, and switches that protect against electrical overloads and short circuits.
